

# Making a Zine (Magazine)

## [Original Link](#)

You can have group participants create any story they choose or come up with a topic and go from there. Anything that your group is interested in makes for a great Zine creation.

**Materials:** Blank Paper, Scissors, Drawing Material, anything you find around the house such as stamps, stickers etc.

## Steps:

1. Fold Paper in half horizontally, then again vertically to make quarters, and fold one more time horizontally to make eights:

2. Open your paper so that it is folded in half. Cut halfway across the middle from the fold:

When you open your paper it should have a slit in the middle:

3. Fold your paper along the crease that has the slit. Hold the paper at either end, then push the ends in toward each other.

This should create an eight-page booklet.

4. Draw, write, and personalize your zine with any art supplies you have at home.
