# Holiday Pop Up Cards Instructions:

1. Materials:
   - Paper
   - Something to draw with (for example crayons or colored pencils)
   - Tape or glue
2. Start by taking a sheet of paper and folding it in half to make a card shape. Decorate your card however you want!

3. Next on a new sheet of paper draw a picture of something that reminds you of the holiday or holidays that you celebrate. You can also just draw a picture of anything you want!
4. Once you have completed your drawing cut it out.

5. Next cut a small section off of another piece of paper and fold it. Bring the outside edges of the paper in and meet them in the middle of the paper. Next take the end sections of the paper and fold those in half to make your paper that will create the pop up effect.

6. Now glue or tape the small piece of paper you just folded to the back of your drawing that you cut out. Now tape it into the inside of your card, to create the pop up effect!
