

# Paper Chain

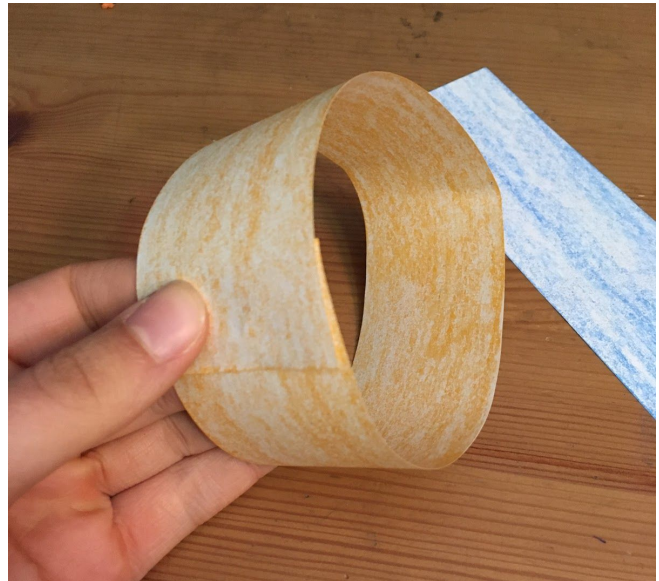

1. Materials:
  - Paper
  - Scissors
  - Something to color with( for example: paint or crayons)
  - tape or glue
2. Start off by taking a piece of paper and cutting it into sections

3. Now that your paper has been cut into sections, feel free to paint or color each or those smaller bits of paper with any color or pattern that you want!

4. Once you have decorated your smaller pieces of paper now it is time to connect them. Start by rolling one piece of paper so the top and the bottom of the paper touch. Now, put glue or tape on the part where both ends of your paper meet.

5. Now take another piece of paper and put it through the middle of your first piece of paper. Repeat the process of connecting and taping both ends together as many times as you want!
